???

O opțiune, confort" care sa seteze temperatura din camera pe baza temperaturii exterioare

Wind free

Sa functionze cu Wi-fi, sa aiba alimentare pe baza de baterii solare, sa nu aiba unitatea de racire atat de mare ;

Suport de la distanta.

Interconectare cu senzorii de miscare, detectie miscare la intrarea in curte. Functionalitatile smart integrate cu aplicatiile mari de smart home (ios, Android).

e perfect

Sa fie integrat cu dispozitive virtual assistant. Ex: Alexa, Google home
